Journal of Cell Science is devoted to the study of cell organization. Papers will be published dealing with the structure and functions of plant and animal cells and their extracellular products, and with such topics as cell growth and division, cell movements and interactions, and cell genetics. Accounts of advances in the relevant techniques will also be published. Contributions concerned with morphogenesis at the cellular and sub-cellular levels will be acceptable, as will studies of micro-organisms and viruses, in so far as they are relevant to an understanding of cell organization. Theoretical articles and occasional review articles will be published.

Subscriptions. Two volumes, each of three parts, are published each year. The subscription price is £8 sterling net (U.S.A. and Canada \$25.00) per volume post free. Single parts are available at 70s. sterling net (U.S.A. and Canada \$10.50) each, plus postage. Orders may be sent to any bookseller or subscription agent, or direct to Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1. Orders from U.S.A. and Canada should be sent to Cambridge University Press, American Branch, 32 East 57th Street, New York, N.Y. 10022, U.S.A. Copies of the journal for subscribers in the U.S.A. are sent by air to New York for delivery with the least possible delay (second class postage paid at New York, N.Y.).

Back numbers of the *Quarterly Journal of Microscopical Science* are obtainable at £6 per volume from Messrs William Dawson & Sons, Canon House, Folkestone, Kent, England, and back numbers of the *Journal of Cell Science* at £10 per volume from Cambridge University Press.
