ROBERTS, K. and NORTHCOTE, D. H.
The structure of sycamore callus cells during division in a partially synchronized suspension culture

HENDERSON, S. A., NICKLAS, R. B. and KOCH, CAROL A.
Temperature-induced orientation instability during meiosis: an experimental analysis

SAPRA, G. R. and DASS, C. M. S.
Organization and development of the macronuclear Anlage in *Stylonychia notophora* Stokes

VICKERMAN, K. and PRESTON, T. M.
Spindle microtubules in the dividing nuclei of trypanosomes

TUCKER, J. B.
Morphogenesis of a large microtubular organelle and its association with basal bodies in the ciliate *Nassula*

MACGREGOR, H. C. and STEBBINGS, H.
A massive system of microtubules associated with cytoplasmic movement in telotrophic ovarioles

DICK, ELIZABETH G., DICK, D. A. T. and BRADBURY, S.
The effect of surface microvilli on the water permeability of single toad oocytes

PUGH-HUMPHREYS, R. G. P. and SINCLAIR, W.
Ultrastructural studies relating to the surface morphology of cultured cells

JENSEN, H. M. and MOTTET, N. K.
Ultrastructural features of defective in vitro keratinization of chick embryonic skin

JENSEN, H. M. and MOTTET, N. K.
Ultrastructural changes in keratinizing epithelium following trypsinization, epidermal detachment and apposition to mesenchymes

BERTAUD, W. S., RAYNS, D. G. and SIMPSON, F. O.
Freeze-etch studies on fish skeletal muscle

FRANZINI-ARMSTRONG, CLARA
Natural variability in the length of thin and thick filaments in single fibres from a crab, *Portunus depurator*

GOLDSPIK, G.
The proliferation of myofibrils during muscle fibre growth

CUÉNOD, M., SANDRI, CLARA and AKERT, K.
Enlarged synaptic vesicles as an early sign of secondary degeneration in the optic nerve terminals of the pigeon
