Contents

VOLUME 90 PART 3 JULY 1988

Commentary
Severs, N. J.
Cavocolae: static inpocketings of the plasma membrane, dynamic vesicles or plain artifact? 341

Book Review
349

Garreau de Loubresse, N., Keryer, G., Viguès, B. and Beisson, J.
A contractile cytoskeletal network of Paramecium: the infraciliary lattice 351

Jackson, D. A., Yuan, J. and Cook, P. R.
A gentle method for preparing cyto- and nucleoskeletons and associated chromatin 365

Popov, S. V. and Margolis, L. B.
Formation of cell outgrowths by external force: a model study 379

Schor, S. L., Schor, A. M., Grey, A. M. and Rushton, G.
Foetal and cancer patient fibroblasts produce an autocrine migration-stimulating factor not made by normal adult cells 391

Schor, S. L., Schor, A. M. and Rushton, G.
Fibroblasts from cancer patients display a mixture of both foetal and adult-like phenotypic characteristics 401

Stewart, M. and Whytock, S.
The structure and interactions of components of nuclear envelopes from Xenopus oocyte germinal vesicles observed by heavy metal shadowing 409

Petty, H. R., Francis, J. W. and Boxer, L. A.
Deficiency in immune complex uptake by chronic granulomatous disease neutrophils 425

Gilbert, P. X. and Harris, H.
The role of the ras oncogene in the formation of tumours 433

Engstrom, W. and Larsson, O.
The effects of glycosylation inhibitors on the proliferation of a spontaneously transformed cell line (3T6) in vitro 447

Dolle, R. and Nultsch, W.
Characterization of D-[3H]cis-diltiazem binding to membrane fractions and specific binding of calcium channel blockers to isolated flagellar membranes of Chlamydomonas reinhardtii 457

Lydan, M. A. and O'Day, D. H.
The role of intracellular Ca2+ during early sexual development in Dictyostelium discoideum: effects of LaCl3, Ins(1,4,5)P3, TMB-8, chlortetracycline and A23187 on cell fusion 465

Biddle, C., Li, C. H., Schofield, P. N., Tate, V. E., Hopkins, B., Engström, W., Huskisson, N. S. and Graham, C. F.
Insulin-like growth factors and the multiplication of Tera-2, a human teratoma-derived cell line 475

Koch, G. L. E., Macer, D. R. J. and Wooding, F. B. P.
Endoplasmin is a reticuloplasmin 485

Rickards, G. K. and Baker, W. A.
Metaphase position of an interchange quadrivalent of Allium triquetrum. III. The expected distribution based on randomness 493

Murrin, F., Newcomb, W. and Heath, I. B.
The ultrastructure and timing of events in the nuclear cycle of the fungus Entomophaga aulicae 501

Fok, A. K., Sison, B. C. Jr, Ueno, M. S. and Allen, R. D.
Phagosome formation in Paramecium: effects of solid particles 517
