Review: Confocal scanning optical microscopy and its applications for biological specimens
SHOTTON, D. M.

The citation 'Reproduced, with permission, from Koch *et al.* (1987).' given in the figure legend of Fig. 13 is incorrect. The citation should read 'Reproduced, with permission, from White, J. G. *et al.* (1987). Further details of the cells, antigen and labelling conditions used, and other examples of such confocal images may be found in Koch *et al.* (1987).'
