

INDEX TO VOL. 37,

NEW SERIES.

-
- Alcyonium, chemistry of mesogloea of, by Langdon Brown, 389
- Alcyonium digitatum, anatomy of, by S. J. Hickson, 343
- Assheton, Richard, a series of five embryological memoirs, 113, 165, 173, 191, 223
- Aurelia aurita, variation of the tentaculocysts of, by E. T. Browne, 245
- Balanus, mouth parts of, by Groom, 269
- Benhamia cœcifera, by Benham, 103
- Benham on Benhamia cœcifera, 103
- " on the cerebral convolutions of the chimpanzee and ourang, 47
- Branchiostomidæ, a revision of the genera and species of, by Kirkaldy, 303
- Browne on the variation of the tentaculocysts of Aurelia, 245
- Brown, Langdon, on the chemical constitution of the mesogloea of Alcyonium digitatum, 389
- Cellular theory, inadequacy of, by Sedgwick, 87
- Cerebral convolutions of the Chimpanzee, "Sally," by Benham, 47
- Chimpanzee, cerebral convolutions of, by Benham, 47
- Coccidia from mice, by Clarke, 277
- Cœlom, genital ducts, and nephridia, by Goodrich, 477
- Clarke on Coccidia of mice, 277
- " on Sporozoa, 287
- Earthworm, a new species, Benhamia cœcifera, by Benham, 103
- Frog's embryo, growth in length of, by Assheton, 223
- Genital ducts, nephridia, and cœlom, by Goodrich, 477
- Goodrich on the cœlom, genital ducts, and nephridia, 477
- " on Vermiculus pilosus, 253
- Groom on the mouth parts of Balanus, 269
- Hermaphroditism in Mollusca, by Pelseuer, 1

- | | |
|---|--|
| Hickson on the anatomy of <i>Alcyonium digitatum</i> , 343 | Morgan on metamerism, 395 |
| Julinia, a new genus of Ascidians, by W. T. Calman, 1 | Nephridia, cœlom, and genital ducts, by Goodrich, 477 |
| Kirkaldy on the genera and species of the Branchiostomidæ, 303 | Pelseener on hermaphroditism in Mollusca, 19 |
| Layers in the embryonic rabbit and frog, by Assheton, 113 | Primitive streak of the rabbit, by Assheton, 191 |
| MacBride on Sedgwick's theory of the embryonic phase, 325 | Rabbit, early stages of, by Assheton, 113 |
| Mammalian embryo, its attachment to the walls of the uterus, by Assheton, 113 | Sedgwick on the inadequacy of the cellular theory of development, 87 |
| Mesogloea of Alcyonium, chemistry of, by Langdon Brown, 389 | Sedgwick's theory of the embryonic phase, by MacBride, 325 |
| Metamerism, a study of, by T. H. Morgan, 395 | Sporozoa, notes on, by Clarke, 287 |
| Mollusca, hermaphroditism in, by Pelseener, 19 | Vermiculus pilosus, by Goodrich, 253 |
